## Introduction

Dyslexia Action CPD courses are designed to strengthen the expertise and confidence of teachers, teaching assistants and support tutors in order to ensure the progress and achievement of children/adults with special educational needs. CPD courses allow professionals to develop and enhance their current skills and understanding. Whilst studying Dyslexia Action CPD courses, participants will question what currently takes place in their learning environment and will learn new theories and strategies. They will learn from fellow professionals and will share their experiences and discuss issues via the course forums.

The CPD level 4 and 5 unit and awards courses are qualifications and not awareness courses. Participants must complete the assignments and cannot be given access as 'read only' courses.

## Participants with a Disability

A person is said to be 'disabled' under the Equality Act 2010 if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' negative effect on his or her ability to do normal daily activities.

A disability can arise from a wide range of impairments which can be:

- Sensory impairments, such as those affecting sight or hearing;
- Impairments with fluctuating or recurring effects such as rheumatoid arthritis, myalgic encephalitis (ME), chronic fatigue syndrome (CFS), fibromyalgia, depression and epilepsy;
- Progressive, such as motor neurone disease, muscular dystrophy, and forms of dementia;
- Auto-immune conditions such as systemic lupus erythematosus (SLE);
- Organ specific, including respiratory conditions, such as asthma, and cardiovascular diseases, including thrombosis, stroke and heart disease;
- Developmental, such as autistic spectrum disorders (ASD), dyslexia and dyspraxia;
- Learning disabilities;
- Mental health conditions with symptoms such as anxiety, low mood, panic attacks, phobias, or unshared perceptions; eating disorders; bipolar affective disorders; obsessive compulsive disorders; personality disorders; post-traumatic stress disorder, and some self-harming behaviour;
- Mental illnesses, such as depression and schizophrenia;
- Produced by injury to the body, including to the brain.

In cases where someone is the sole carer for a person with a long-term illness or a disability then that person is, under The Equality Act, afforded the same rights and access to reasonable adjustments that the long-term unwell/disabled person would be.

The online training provided by Dyslexia Action has an inbuilt flexibility and this enables many participants with disabilities to work without any reasonable adjustments. However, we can be responsive to individual requirements. If you have a disability, we would encourage you to disclose this at the time of application so that we can put in place any support required at an early stage.

Disclosure forms are sent to any candidate who indicates that they have a disability on our registration form.

You can also contact the Disabilities Administrator on [dada@dyslexiaaction.org.uk](mailto:dada@dyslexiaaction.org.uk) to request a copy and there is a copy on the CPD induction course. On the disclosure form you are asked to detail the nature of your disability and to indicate whether you would like one-week extensions on all units/courses you study with Dyslexia Action. If you give your permission for us to disclose, this information will be shared with the Disabilities team, any tutor you work directly with and the tutor in charge of marking. Any agreed reasonable adjustments will be noted on a form and this form will be sent to you for your records. Participants with a disability can discuss their individual requirements with the Disabilities Advisor. The Disabilities Administrator should be contacted in the first instance: [dada@dyslexiaaction.org.uk](mailto:dada@dyslexiaaction.org.uk)

## CPD Syllabus Information

**Syllabus End Date:** August 2021 (courses within this syllabus must be commenced before this date)

## Our Units and Awards

The Dyslexia Action Level 4 and 5 CPD Programme consists of independent unit short courses.

All our units are available as independent stand alone courses. Some of the units contribute towards a pathway to specialist teacher training.

**Units\*** (appendix 1) are worth either 2 Dyslexia Action credits (20 hours total qualification time) or 3 Dyslexia Action credits (30 hours total qualification time):

Unit
------

**Awards\*\*** (appendix 2) are made up of 3 specified Units:

Unit	Unit	Unit
An Award = 3 Units		

A **CPD Pathway Certificate\*\*\*** (appendix 2) is made up of 2 specified Awards:

Unit	Unit	Unit	Unit	Unit	Unit
Award			Award		
A CPD Pathway Certificate is made up of 2 Awards/6 Units					

\*Units can also be built up over time to gain Awards (3 units) and then a Certificate (2 awards).

Units are either 2 Dyslexia Action credits (20 hours total qualification time) or 3 Dyslexia Action credits (30 hours total qualification time).

\*\*Each award offered by Dyslexia Action Training is made up of three units. Participants may register to study the units individually, and build them up into the Dyslexia Action Awards, **or** they can select an Award to begin with and obtain a discount on the fee for the combined units. When taking the award option, all three units within the award must be studied within a period of one year. There is a choice of six start dates for all units and awards within the year: September, November, January, March, May and July.

\*\*\* We offer combinations of two specified awards as certificates. **Please note** that it is not possible to sign up directly for a Certificate Course. Participants should sign up for units or awards which combine to make a Certificate.

A combination of two certificates - **either** DACRT51 Primary/Secondary, or DACRT56 Supporting Adults, or DACRT67 International, **plus** the Certificate in Strategic Teaching Support for Dyslexia and Literacy (DACRT60), make up the Level 5 Diploma in Strategic Teaching Support for Dyslexia and Literacy (DADIP61). See the separate brochure on the Level 5 Diploma (DADIP61) for further information.

## CPD Pathways and the Level 5 Diploma

The unit Learning Outcomes and Assessment Criteria for all CPD, International and Supporting Adults units are detailed in the Appendix to this brochure. Units form the component parts of the awards and certificates detailed in the following pages but may also be booked as individual units.

**Please note:** that unit content, learning outcomes and assessment criteria may be subject to change.

## Where will I study?

All of our courses are online and all communication is conducted using email. For this reason, you will need a computer with an Internet connection and a valid email account. Course teaching materials will be found on the Dyslexia Action Moodle website. Moodle login details will be emailed to you prior to the start of your studies.

Dyslexia Action uses the Virtual Learning Environment (VLE) Moodle as the method of delivery.

See: [moodle.dyslexiaaction.org.uk/](http://moodle.dyslexiaaction.org.uk/). The core curriculum is delivered by means of a range of e-learning resources. These include presentations, articles, exercises, videos and follow-up activities and tasks for participants to carry out.

## How will I be taught?

Participants will be supported by a tutor who is an experienced practitioner in the field of dyslexia. Participants also work together with their fellow participants on the course via contributions to activities and discussions on Moodle forums. This enables all those involved to develop a community of learning with each other and with tutors.

## Demands of a Unit Course

Although the courses are delivered through online learning, enabling a flexible form of study, candidates will need to develop good personal time management and to prepare the study skills relevant to e-learning. Candidates will require a quiet and clear space in which to work. Candidates will need to be able to balance the demands of their studies with existing work and home commitments in order to gain the qualification.

The courses are managed by tutors who will be expecting participants to fully engage with the course from the outset. Participants are required to contribute to the discussion forum on the course site. The forums help participants to learn, test out, develop and refine ideas.

## Pre-reading

There is no pre-reading required. We do however suggest you join The Dyslexia Guild which provides a wide range of benefits to members and also gives you free access to online resources to continue your professional development. [dyslexiaguild.org.uk](http://dyslexiaguild.org.uk)

## Is practical work with a learner required?

The level 4- and 5-unit and award courses **do not require** any practical work with a learner or group of learners.

## Minimum Hardware and Software Requirements

- Windows/Apple (with 'Pages' app or 'Word' free software). We do not support smartphones or tablets
- High Speed Internet connection
- Google Chrome or Mozilla Firefox (Internet Explorer is not supported)
- Microsoft Office/Open Office/Google Docs
- Adobe Acrobat Reader/Foxit Reader/VLC Media Player

## Internet Connection

For the purpose of viewing online videos, broadband connection with a liberal bandwidth usage policy (5GB) is highly advisable. The basic course content can also be accessed via mobile broadband or even dial-up using smart phones and tablets, but the learning experience will likely be diminished and some video/audio content may not be accessible.

## Email Account

You must have your own personal email account (work email accounts are not accepted). We recommend using Google Mail because it gives you access to free cloud-based software that you can use to open course teaching materials.

*Despite all the precautions important emails from Dyslexia Action might be filtered as junk/spam. To avoid this problem please add [cpdmail@dyslexiaaction.org.uk](mailto:cpdmail@dyslexiaaction.org.uk) and [moodlesupport@dyslexiaaction.org.uk](mailto:moodlesupport@dyslexiaaction.org.uk) to your contact list.*

## Induction

A one-week online induction is included in the course to help participants prepare for studying an online course with Dyslexia Action. Tutor support is available during the induction phase and there is a short induction assignment. Participants are advised to read carefully through the information guides provided. A practice assignment is provided for those new to our units.

## Study Time

Each CPD Unit course requires 20 – 30 hours of study. September, November, January, March, May and July units run over a period of 7 weeks (including induction) with Unit assignments due in after 7 weeks. Participants may be required to study a few weeks beyond the course period if any re-submissions are required. This could result in an overlap between completing one Unit and starting the next Unit within an Award.

Participants can expect to spend several hours a week online, even if they download materials and work offline.

**Please note:** Assignment submissions must be made on the due date. A charge will be made for late submissions.

## Unit Assignments

Each unit has an assignment portfolio for participants to work through. The assignment portfolio has been designed to allow participants to extract the key points of the unit materials without having to write extensive answers. The portfolio contains different exercises consisting of short answers, filling in tables and writing personal responses or reflections. Word count ranges are given for each assignment portfolio exercise; participant responses must fall within the stated word count range.

Assignments must be submitted to the tutor via Moodle by the given deadline date. There is a **Key List of Dates** for each course given in the **CPD Programme Study Guide**; this document can be found in the induction part of the course. Participants may submit their unit assignment portfolio in advance of the deadline date, but it will not be marked until this date.

Successful assignment portfolios are awarded a pass grade. Candidates may also:

- Re-submit (participants may be asked to amend and re-submit some elements of the assignment portfolio)
- Withdraw (for participants who withdraw from the course or who do not submit the assignment by the deadline date)

## Qualification Certificates

### Dyslexia Action Unit and Award Qualifications

Participants who successfully complete an individual unit/award qualification will receive a Dyslexia Action unit or award certificate. Participants who fail to complete all units of an award will receive a Dyslexia Action unit Certificate for each unit they have passed.

### Dyslexia Action Transcript

Participants who complete sufficient individual units to make up an award or Certificate qualification will receive a Dyslexia Action certificate and transcript showing the units within the qualification. A certificate and transcript will be issued for the Diploma qualification.

**It is the responsibility of the participant to inform us if they change address or if they have a different postal address to the address given on the application form.** If we are not informed, a charge will be made for re-posting any correspondence including certificates and transcripts.

**N.B.** Award and Certificate participants may request additional Dyslexia Action unit certificates. A charge of £30 inclusive of VAT, plus postage, per individual certificate, will be made.

1. Demonstrate an understanding of underlying cognitive factors in dyslexia and co-occurring factors
2. Recognise the impact dyslexia has on day-to-day adult life
3. Identify what support can be provided by the setting and locate external agencies that also offer support
<b>Notes:</b> *Unit content and learning outcomes may be subject to change.
This Unit contributes to the following Award: <b>DAAWD59: Level 5 CPD Award in Supporting Adults with Dyslexia and Co-occurring Difficulties</b>

## DACPD92 Supporting Study Skills in Adults with Dyslexia

Level 5: Total qualification time 30 hours

This Unit begins with a consideration of what we mean by study skills. It goes on to explore the barriers to learning that can impede the development of study skills in adults with dyslexia and the methods that can improve their access to learning.

<b>LEARNING OUTCOMES * The participant will be able to:</b>
1. Identify the skills and attributes needed by the adult for effective self-study
2. Identify the difficulties that adults with dyslexia may experience in developing study skills
3. Describe a range of strategies that will develop study skills in adults with dyslexia
4. Critically reflect current practice and offer suggestions for improvements
<b>Notes:</b> *Unit content and learning outcomes may be subject to change.
This Unit contributes to the following Awards: <b>DAAWD59: Level 5 CPD Award in Supporting Adults with Dyslexia and Co-occurring Difficulties</b>

## DACPD93 Developing Writing Skills in Adults with Dyslexia

Level 5: Total qualification time 30 hours

The Unit is designed to increase understanding of the processes involved in developing writing skills and to provide strategies for use in the learning or work environment. Although the focus is on how to nurture the development of writing skills in adults with dyslexia, the approach will benefit a wide range of learners struggling to acquire effective writing skills.

<b>LEARNING OUTCOMES * The participant will be able to:</b>
1. Identify how learners typically acquire and develop writing skills
2. Identify the impact of dyslexia on the acquisition and development of writing skills
3. Evaluate the writing skills of an adult with dyslexia
4. Demonstrate understanding of writing strategies that can assist adults with dyslexia
<b>Notes:</b> *Unit content and learning outcomes may be subject to change.
This Unit contributes to the following Award: <b>DAAWD60: Level 5 CPD Award in Learning Support for Adults with Dyslexia</b>

## DACPD94 Dyslexia in Multilingual Settings

Level 5: Total qualification time 30 hours

This Unit course explores the challenges presented when supporting multilingual learners with dyslexia. The learner's cultural context will be considered, together with the impact this has on learning and progress. The key components for supporting multilingual learners will be examined with a view to identifying appropriate support strategies for multilingual learners with dyslexia.

<b>LEARNING OUTCOMES * The participant will be able to:</b>
1. Recognise the learner's cultural context and the impact this has on learning
2. Demonstrate ways that dyslexia can be identified in multilingual learners
3. Demonstrate how learning processes are affected by multilingualism and dyslexia
4. Identify the key components of effective support for multilingual learners with dyslexia
<b>Notes:</b> *Unit content and learning outcomes may be subject to change.
This Unit contributes to the following Award: <b>DAAWD67: Level 4 CPD Award in Supporting International Learners with Dyslexia</b> <b>DAAWD60: Level 5 CPD Award in Learning Support for Adults with Dyslexia</b>

## DACPD96 Developing Literacy Skills with Assistive Technology

Level 5: Total qualification time 30 hours

This unit provides resources that support the development of literacy skills through the use of assistive technology in learning environments and in the workplace. It will introduce approaches utilising assistive technology that can enable individuals with dyslexia and diverse needs to overcome barriers that add pressure to literacy, planning and organisational tasks. It will show how assistive technology enables individuals to complete literacy tasks successfully with a focus on cultivating learner autonomy. The emphasis of this unit is on critical evaluation of relevant teaching strategies and creating individual assistive technology 'toolkits' to support a range of needs.

### LEARNING OUTCOMES \* The participant will be able to:

1. Identify the importance of assistive technology in the context of the legislative environment
2. Identify how assistive technology can support individuals across different learning and workplace settings
3. Analyse the importance of assistive technology in the context of memory and organisational skills
4. Review the assistive technology context for the individual and determine appropriate technology for their use

### Notes:

\*Unit content and learning outcomes may be subject to change.

This Unit contributes to the following Award:

**DAAWD59: Level 5 CPD Award in Supporting Adults with Dyslexia and Co-occurring Difficulties**

## DACPD99 Developing Numeracy Skills in Learners with Dyslexia and Dyscalculia

Level 4: Total qualification time 30 hours

This unit examines the processes involved in mathematical thinking and how they link to aspects of memory and attention. The difficulties that learners with dyslexia and co-occurring difficulties can have with numeracy are explained. The association of 'number sense' (numerosity) with dyscalculia is also examined. The unit explores theory, offers some practical ideas and provides the practitioner with the fresh perspective necessary to effectively use structured, cumulative multisensory teaching to promote numeracy development in learners where it is stalled or significantly delayed.

### LEARNING OUTCOMES\* The participant will be able to:

1. Identify the cognitive attributes necessary for the development of numeracy skills
2. Identify the difficulties that learners with dyslexia may experience when developing numeracy skills
3. Discuss the importance of relational understanding in mathematical development
4. Identify the difficulties that learners with dyscalculia may experience when developing numeracy skills
5. Be able to apply the principles of structured, cumulative, sequential, multisensory learning when teaching numeracy

\*Unit content and learning outcomes may be subject to change.

**Participants who wish to study for an Award** may swap DACPD99 for another unit within some awards. Please refer to Appendix 2 on the following page (information within notes section).
